

2023-2024 Educator Workshops

Presented by a team of Little Owl Educators

Learning begins with the interactions with people and the environment in which we live. How we connect to ourselves and our community plays a crucial role in what and how we learn. The workshops in this series invite educators to explore how they can help children develop a deeper understanding of themselves and their community. Join us as we work towards changing how young children interact with the world.

SAVE THE DATES!
